Dale Lockley has over 20 years of experience working within and leading international multidisciplinary teams and developing materials handling technologies of worldwide operating companies including more than seven years as Managing Director. He joined SAMSON in 2016 initially as Senior Project Manager and later worked as Program Delivery Manager. As a qualified Mechanical Engineer as well as an experienced businessman, Dale Lockley brings an important combination of technical and commercial knowledge to SAMSON Materials Handling. He is pleased to be working with the AUMUND Group and is keen to maximise internal synergies and strengthen external relationships in order to provide the best possible bulk materials handling systems to customers worldwide.

About the AUMUND Group
