

## CONVERSION OF STOCKYARD EQUIPMENT

### OPERATIONAL CAPACITY INCREASE

- Higher capacity by reclaiming efficiency in SPS programming

### STABILIZATION OF OPERATION

- Modification for secured efficiency and reclaiming capacity

### BLENDING RATIO

- Improvement to increase mechanical and chemical blending ratio

### AUTOMATION & ELECTRICAL UPGRADE

- Improvement of operational cost and efficiency

## FOR CAPACITY, RELIABILITY, LOW EMISSIONS, AND MORE

Our seasoned team of engineers and supervisors stands ready to booster your operations, offering tailored solutions to ensure uninterrupted plant performance around the clock.

Explore SCHADE's conversion solutions for stacker, reclaimer, longitudinal and circular storage, rail - mounted shiploader and wagon unloading systems.
